Project Information

Project Limits: LS-10 (York Rd) and LS-15 (Thomas-Foster) Rehabilitation

Project Schedule: April 2021 to December 2021

Scope of Improvements:

The Village owns and maintains sanitary sewer lift stations at intersection of York Rd and Roosevelt Rd and at the intersection of Thomas Dr and Foster Ave. Both of these lift stations are integral part of the Village's sanitary sewer collection system and are scheduled for rehabilitation work in 2021. Both of these lift stations will receive mechanical and electrical upgrades along with some piping as well as wet well rehabilitation. This locally funded project will begin early April/May 2021 and will be substantially completed by October 2021. The final completion date will be December 2021.
